AM I FULL OF CRAP?

Calf scours are not inevitable. A strong prevention program is non-negotiable. Dependable scour prevention is essential for calf welfare, employee morale and business profitability. The immune system's response to vaccination is variable and unpredictable. That's why giving preformed antibodies instead of relying on a vaccine to stimulate antibody production is so important. I'm all for removing uncertainties. So yes, I stand by this product. (And no, I'm not.)

NOMINEE FOR THE 2022 NEBRASKA ANGUS PRODUCER OF THE YEAR

*For more information about the annual Producer of the Year and to download the nomination form go to **www.nebraskaangus.org**. Click on NAA Events, then click the Nebraska Angus Producer of the Year link, the form can be downloaded from this page.*

Purpose of the NAPOTY

The purpose of this award is to select the Nebraska Angus Association member who has contributed the most to the advancement of the Angus business & their community; to recognize that member for their efforts & work expended in the interest of the Angus breed; to demonstrate to the public the place of the member in their community; & to call attention to the qualifications of these members for positions of leadership in the breed and its organizations. It is not a requirement that nominees must have served as State Association President but the **nominee must be a current member of the Nebraska Angus Association.**

Each Angus producer in the state of Nebraska is invited to submit the name of one nominee, accompanied by a completed application form and supporting information. The NAPOTY will be selected by an anonymous selection committee comprised of current Nebraska Angus Association members, one from each district of the State Association. The previous year NAPOTY winner will serve as chair of the selection committee.

Suggested standards for the nominations may be based on the following guidelines:

1. Angus Spirit – (25%) high principles of integrity, adherence to the “Golden Rule”, good ethics among other breeders and the public
2. Civic Activity – (15%) local, state, national level participation in civic service clubs, charitable activities, political work, fraternal & religious groups
3. Business Accomplishments – (20%) recognize good business conduct, service to buyers & sellers of Angus animals, advertising programs used & creative marketing
4. Local Area Activity – (15%) board offices & committee work, special assignments, educational work
5. State Association Activity – (20%) offices held & committee work, attendance & exhibiting at the State shows, director meetings & shows attended
6. National Association Activity (5%) national offices held, committee work, attendance at the Annual meeting, regional shows, etc.

A complete application should include:

1. Form available on www.nebraskaangus.org (see above note for locating the form)
2. A letter of recommendation from the nominees peers, community or fellow producer.
3. Color or black & white photo of the nominee and/or their operation

DEADLINE: OCTOBER 31, 2022 – NO LATE APPLICATIONS WILL BE ACCEPTED
SUBMIT COMPLETED APPLICATIONS TO: MARGO LEHN, SEC/MGR,
NEBRASKA ANGUS ASSOCIATION; P.O. BOX 245 LONG PINE NE 69217

ANGUS. ONLY ANGUS.

There's only one DNA profile created specifically for Angus cattle.

Angus GS™ is the new standard in genetic testing for Angus cattle. Created by Angus Genetics, the profile is purely Angus DNA. So it will have better predictability and deliver more power and accuracy than any previous generation genomic enhanced EPD, and at greater value. Visit angus.org/agi for the test that only Angus Genetics could create.

FOR ANGUS. BY ANGUS.

Has chasing EPD extremes left you short of your goal?

We don't do that here.
Our motto from the beginning:

**In pursuit of excellence, where the only extreme we
pursue is extremely well balanced.**

We have collected carcass and feedlot data on our steers since 1985.

But more importantly to us, how are our customers doing?

One of our customers also buys bulls from other mainline breeders who
use and promote elite carcass traits. Here is how we fared:

Our bull on 12 head: Avg carcass wt 780 marb. score 608 REA 12.33 cal. YG 3.38

Bull #1 on 10 head: Avg carcass wt 730 marb. score 560 REA 11.87 cal. YG 3.30

Bull # 2 on 6 head: Avg carcass wt 770 marb. score 565 REA 12.27 cal. YG 3.15

Bull # 3 on 9 head: Avg carcass wt 754 marb. score 595 REA 11.32 cal. YG 3.97

AI sire on 2 head: Avg carcass wt 769 marb. score 527 REA 11.90 cal. YG 3.26

So come and see what doing things differently looks like:

The Most Important Performance Trait Is Profit

Profit is generated not only in the sale ring but also through an economical and efficient cowherd.

Throughout the generations, fads have come and gone, but Mike Sitz Angus cattle have remained cost effective and functional, delivering maternal traits that bring long term dividends to you, the rancher.

With over 50 years of performance data and 99 years of breeding continuous cow families, this time proven cowherd is known for quality, consistency, and problem free genetics.

For easy fleshing Coming-Two-Year-Old Angus bulls that produce functional and productive females along with top feeder cattle look to Mike Sitz Angus and Joel Johnston Angus.

The cows have worked for us, our bulls can work for you.

Come and see for yourself.

2021 Producer of the Year

THE GRAY'S ANGUS RANCH - Rod and Laura Gray and family of Harrison, Nebraska, are the recipients of the 2021 Nebraska Angus Producer of the Year. Raising registered Angus has been a family tradition for the Gray's. Rod's great-great grandfather Starr Fuller had American Aberdeen Angus registries from Toledo, Iowa, dating back to 1898. Harry Gray, Rod's grandpa purchased Angus cows from his wife's father, Art Fuller and held public auctions of "Richly Bred Angus Cattle" in the 1940's. Wayne Gray, Rod's dad, built the Angus cow herd to 400 registered females and sold bulls private treaty. At the age of 15, Rod purchased his first bull from the Champion Pen of 3 at Denver, who was a son of Ankonian President. Rod grew up active in the Iowa Junior Angus Association and served as President. He showed his own Angus breeding stock in 4-H, Progress Shows, Iowa State Fair, and the Denver Stock Show.

Rod and Laura moved to Nebraska in 1983 and have raised their family in the Angus business since. Their children were active in the Nebraska Junior Angus Association. Naomi was Nebraska Angus Queen in 2000, and a finalist for Miss American Angus. Their children also showed at AKSARBEN, the National Junior Angus Show, Progress Shows and in 4-H. Rod served on the Nebraska Angus Association Board of Directors and was the 1992-1993 President. He also served on the Nebraska Beef Check-Off Board for eight years and traveled to Central and South America with the US Meat Export Federation promoting beef. In 1997, the family picked up their roots and cattle, and all moved west to the Wyoming border southwest of Harrison. They hosted the Nebraska Junior Angus Show at Fort Robinson, and a few Nebraska Angus Tours. They have exhibited at Husker Harvest Days, the Nebraska State Fair, Wyoming State Fair, Central States Fair, the NILE, Denver Stock Show, Western Junior Stock Show and the Black Hills Stock Show. In 2008, Gray's Angus bred and raised steers that won the Champion National Certified Angus Beef Angus Source Carcass Challenge. They have also exported registered Angus breeding stock to Russia and Turkey.

Today, living on the ranch doing daily management along with Rod and Laura are their sons Heath and Garret. The ranch has pivots for raising alfalfa and corn silage for winter feed. At an altitude of 4600 to 5000 feet, the growing season is about 90 days. Their son Colt and wife Riyatta and their daughter Keirra are close by on Wyoming property and regularly help out. Son Levi, wife Sarah and their kids Cooper and Kendall, take in Gray's Angus pairs for the summer on their ground in the White River country. Their daughter Naomi and her husband Jeff Pelster and their family, Chisum, Ruger, Linnea, Canton and Kimberlynn ranch north of Harrison on the Coffee War Bonnet Ranch. They have Gray's Angus bloodlines in their cow herd and have a yearling operation. Grandpa Rod has started the seventh generation showing Angus breeding stock

where Chisum had a Champion Angus Bull at the Western Junior Livestock Show in Rapid City this fall. They all take the Angus cattle business seriously and help out tremendously with the spring bull sale, branding, and ranch work.

This time of year, the Grays are sorting through the 400+ bull calves, picking out the top one-third to offer for sale. Careful selection for a "Complete Package" including dam production, performance, profitable EPD's and soundness are being closely monitored. Later born calves are held over for two-year old buyers. The bulls are developed at the ranch on a sensible, low concentrate diet with ample room to exercise. Heifer calves are also wintered at the ranch, synchronized, and AI'd before trailing to grass for the summer. Calving usually starts the first of February with AI and ET calves. All the pairs leave the main ranch for the growing season. There are several environmental challenges for the herd from year to year. At White River and Deep Creek, south of Crawford, the terrain has very steep ravines and is covered with pine trees. Up at Provo, South Dakota, the pairs face sparse water, is treeless, and is a drought susceptible gumbo. For Sioux county the hard grass is great, but is also drought susceptible in the high plains, shortgrass prairie.

Rod has kept a closed cow herd through the years, keeping the very best genetics going. With hardy Angus bloodlines tracing back to the original Gray's cow herd, these females have been tried and proven to perform in various range conditions and terrains. The cows go to work, take care of themselves and their calves, and rebreed to do it all over again the next year. The steers are fed in a feedlot and consistently finish with an ADG over 4.5lbs/day, carcasses grade 95% choice and higher, and 57% CAB and Prime. Grays are all about providing good quality beef for consumers, and profitability for their customers. They will be hosting their 27th "2nd Century" Performance Bull Sale at the Ranch the third Saturday in March. All of the family has been a big part of the entire success of the operation; from our ancestors and extended family to the kids and grandkids who are actively involved now. Everyone has been very thankful to God for His blessings and favor. *"No one who believes in Christ will be disappointed"* Romans 10:11.

NEBRASKA ANGUS ASSOCIATION

We invite you to join the Nebraska Angus Association, and become part of the largest single beef breed organization in the state. Our Association's purpose is to promote the Angus breed but more importantly all of our top-notch NEBRASKA breeders.

Association membership benefits include:

- Publication in the annual Nebraska Angus Directory & on the Nebraska Angus Association website*
- If you sign up for our website membership link option, your website listing will link directly from our website to your page (there is an additional \$25 for this option, recently reduced from \$50)*
- A free subscription to the popular Nebraska Angus News magazine*
- Publication of your sale date on our sale calendar in the Nebraska Angus News and on our website*
- Participation in Association activities including Husker Harvest Days, Annual Tour (when it's in your area), and the Nebraska Cattlemen's Classic Show and Sale (our state show and sale)*
- Reduced advertising rates; receive production sale catalog printing discounts & other advertising item discounts from our printer*
- Notification when buyers are looking for all classes of Registered Cattle*
- New members are entered into a drawing for a half page black & white ad in our directory, a \$150 value (the winner has the option to upgrade to a full page ad and color)*
