NOMINEE FOR THE 2024 NEBRASKA ANGUS PRODUCER OF THE YEAR

*For more information about the annual Producer of the Year and to download the nomination form go to **www.nebraskaangus.org**. Click on NAA Events, then click the Nebraska Angus Producer of the Year link, the form can be downloaded from this page.*

Purpose of the NAPOTY

The purpose of this award is to select the Nebraska Angus Association member who has contributed the most to the advancement of the Angus business & their community; to recognize that member for their efforts & work expended in the interest of the Angus breed; to demonstrate to the public the place of the member in their community; & to call attention to the qualifications of these members for positions of leadership in the breed and its organizations. It is not a requirement that nominees must have served as State Association President but the **nominee must be a current member of the Nebraska Angus Association.**

Each Angus producer in the state of Nebraska is invited to submit the name of one nominee, accompanied by a completed application form and supporting information. The NAPOTY will be selected by an anonymous selection committee comprised of current Nebraska Angus Association members, one from each district of the State Association. The previous year NAPOTY winner will serve as chair of the selection committee.

Suggested standards for the nominations may be based on the following guidelines:

1. Angus Spirit – (25%) high principles of integrity, adherence to the “Golden Rule”, good ethics among other breeders and the public
2. Civic Activity – (15%) local, state, national level participation in civic service clubs, charitable activities, political work, fraternal & religious groups
3. Business Accomplishments – (20%) recognize good business conduct, service to buyers & sellers of Angus animals, advertising programs used & creative marketing
4. Local Area Activity – (15%) board offices & committee work, special assignments, educational work
5. State Association Activity – (20%) offices held & committee work, attendance & exhibiting at the State shows, director meetings & shows attended
6. National Association Activity (5%) national offices held, committee work, attendance at the Annual meeting, regional shows, etc.

A complete application should include:

1. Form available on www.nebraskaangus.org
(see above note for locating the form)
2. A letter of recommendation from the nominees peers, community or fellow producer.
3. Color or black & white photo of the nominee and/or their operation

DEADLINE: AUGUST 1, 2024 – NO LATE APPLICATIONS WILL BE ACCEPTED
SUBMIT COMPLETED APPLICATIONS TO: MARGO LEHN, SEC/MGR,

The Most Important Performance Trait Is Profit

Profit generated through the sale ring and through an economical and efficient cowherd.

- The MSAR & JJA program balances mature weight, milk and energy for the best profitability.
- MSAR & JJA Two-Year-Old Bulls are converters of grass. Our customers appreciate bulls that are easy keeping, sound, and give more years of valuable service.
- MSAR & JJA has 100 years of selection invested in a cow herd that is efficient, consistent and predictable.

The cows have worked for us, our bulls can work for you.

2023 Producer of the Year

O STRAND ANGUS RANCH - owned and operated by Kory & Danielle Ostrand, is located south of Ansley in the rolling hills of Custer County. The ranch has been in the Ostrand family since 1884, when Kory's Great-Great-Grandparents, August and Caroline Ostrand, came from Sweden and registered their homestead southwest of Mason City.

Kory is the 5th generation raising cattle and farming on the Ostrand Ranch, but is the 1st generation with registered Angus. Kory purchased his first registered Angus heifer from Boyles Angus when he was nine years old. He grew his herd by purchasing additional females from the money he received from his 4-H projects. In 2001, Kory held his first bull sale at Huss Livestock Market in Kearney, when he was still in high school. He continued to manage and grow his cow herd while attending college. Following his college graduation, he moved back to the ranch to continue farming and ranching.

The Ostrand Angus herd grew in late 2012 when they had the opportunity to purchase the mature cow herd from Slagle Angus of Sargent. This expanded their registered herd from 120 to 420 head. For the next seven years, they worked side by side with Slagle Angus hosting joint production sales at the Slagle Ranch. Through this time, they learned so much; gained many new friends and customers; and walked with Mark Slagle as he battled an illness. In 2019, after Mark's passing, Ostrand Angus was blessed with the opportunity to purchase the remaining of the Slagle family's cows to carry on the Slagle Angus reputation.

Presently, the breeding program includes 500 registered Angus cows and 130 registered Angus bred heifers which all calve mid-December through February. Ostrand Angus puts great emphasis into their AI breeding program with some embryo transfer work. The cattle graze on owned and leased native grass. Other crops that are included in the operation are corn, alfalfa, cane, and irrigated grass. Presently, they hold their annual production sale on the third Wednesday in February at their ranch south of Ansley. They will market 160 yearling Angus bulls and 35 yearling replacement heifers. Private treaty bulls are also for sale

late spring. The steer mates to the bulls are finished at the Ostrand ranch where they receive individual carcass data to reassure their cattle have superior carcass merit.

Kory and Danielle have four children. Their son, Brexton, is 11 years old. Twin girls, Avery & Olivia, are 9 years old. The youngest ranch hand, Merrik, is 5 years old. The children are great ranch hands and love being a part of the various ranch duties. Kory and Danielle love the teamwork that comes from running a registered cattle business together. From raising calves to chasing kids, bull sale picture days to late night catalog proofing, recordkeeping to bull shopping, juggling children's activities to hours together chute side, from working in the sorting pen to the AI barn, and working in the hay field and silage field they find such joy in doing it together. To carry on the family ranching heritage, Kory partners with his father Neil, who runs the commercial cow herd. Also, Kory's aunt, Kathy Ostrand, his cousin Chris Hogg, and neighbor Chase help make the operation work. Ostrand Angus has helped their children each start their own registered Angus herd, which is laying the foundation for the 6th generation on the ranch. The children look forward to helping sell their own bulls each year on the production sale. The family has also found a passion for showing cattle at the country fair and have branched out to the Nebraska Junior Angus winter and state shows and hopefully will attend a national show in the future. When the cattle work is done, the family loves to go camping, run in a barrel race, or compete at a junior rodeo.

Kory, Danielle, and their family are humbled to accept the Nebraska Producer of the Year award this year. A special thank you to the fellow Angus members and friends who have mentored Ostrand Angus and poured into their family. They look forward to continuing to serve the Angus breed and working with the best cattleman around, and plan to leave a legacy for the next generation.

JOIN THE NEBRASKA ANGUS ASSOCIATION

*"promoting our state's great Angus breeders,
raising the best steak experience in the world"*

Membership form found on page 90

NEBRASKA ANGUS ASSOCIATION

We invite you to join the Nebraska Angus Association, and become part of the largest single beef breed organization in the state. Our Association's purpose is to promote the Angus breed but more importantly all of our top-notch NEBRASKA breeders.

Association membership benefits include:

- Publication in the annual Nebraska Angus Directory & on the Nebraska Angus Association website*
- If you sign up for our website membership link option, your website listing will link directly from our website to your page (there is an additional \$25 for this option, recently reduced from \$50)*
- A free subscription to the popular Nebraska Angus News magazine*
- Publication of your sale date on our sale calendar in the Nebraska Angus News and on our website*
- Participation in Association activities including Husker Harvest Days, Annual Tour (when it's in your area), and the Nebraska Cattlemen's Classic Show and Sale (our state show and sale)*
- Reduced advertising rates; receive production sale catalog printing discounts & other advertising item discounts from our printer*
- Notification when buyers are looking for all classes of Registered Cattle*
- New members are entered into a drawing for a half page black & white ad in our directory, a \$200 value (the winner has the option to upgrade to a full page ad and color)*

AM I FULL OF CRAP?

Calf scours are not inevitable. A strong prevention program is non-negotiable. Dependable scour prevention is essential for calf welfare, employee morale and business profitability. The immune system's response to vaccination is variable and unpredictable. That's why giving preformed antibodies instead of relying on a vaccine to stimulate antibody production is so important. I'm all for removing uncertainties. So yes, I stand by this product. (And no, I'm not.)

DODDS

CATTLE

We would like to thank all the buyers and bidders at our dispersal sale this past May.

It was a sad time for us and we both feel, we did not get the opportunity to truly express how grateful we are to those who have supported us through the years, the new buyers who recognized what we were offering, and Matt Lowery who helped whip together a sale that should have taken months to prepare. He made it less overwhelming and seamless, along with the help of Angus Hall of Fame. All these components, led to a very rewarding sale. There are not enough words to describe the impact this industry and its relationships have provided us over the years!

CONTACT US WITH ANY QUESTIONS

BOB | 308-750-5636 • TONYA | 308-550-2092

We look forward to visiting some operations in the future and seeing how our females are doing for them.
