Customer favorites with a local flair!

7AN743 CRAFTSMAN

Cornsey CRM/TSMAV / 20132535 / Resident X Nebraska 2451

His progeny are sale toppers and pasture favorites because of their powerful phenotype. His progeny are expressively muscled, long-bodied with explosive growth and balance.

Stgenetics, TX and Cornsey Angus, NE

7AN768 RISEABOVE

Stgelling Mathias RISEABOVE / 20532902 / Stgenetics 1908 X Jvillack 5802

RISEABOVE is the elite maternal package as he ranks near the top of the breed for SM, SW, HS and HP. He offers exceptional growth while improving phenotype.

Stgenetics, TX, Stgelling Cattle Co. WI and Hoffman Ranch, NE

7AN779 RESTORE

Cornsey RESTORE 178C / 20383223 / Patchwork X Stronghold

RESTORE is an exciting CE sire that offers exceptional phenotype, added muscle and balanced EPDs. He is a member of the 100 \$M and 300 \$C club.

Cornsey Angus, NE

7AN735 GIBSON

Baldridge GIBSON 6859 / 15581696 / Goodfellow Plus X Prophet

A highly proven EPD profile, he excels for growth, foot quality, HS, carcass merit and both SM and \$C indexes. His greatest attribute is the consistent quality of his calves.

NOMINEE FOR THE 2025 NEBRASKA ANGUS PRODUCER OF THE YEAR

*For more information about the annual Producer of the Year and to download the nomination form go to **www.nebraskaangus.org**. Click on NAA Events, then click the Nebraska Angus Producer of the Year link, the form can be downloaded from this page.*

Purpose of the NAPOTY

The purpose of this award is to select the Nebraska Angus Association member who has contributed the most to the advancement of the Angus business & their community; to recognize that member for their efforts & work expended in the interest of the Angus breed; to demonstrate to the public the place of the member in their community; & to call attention to the qualifications of these members for positions of leadership in the breed and its organizations. It is not a requirement that nominees must have served as State Association President but the **nominee must be a current member of the Nebraska Angus Association.**

Each Angus producer in the state of Nebraska is invited to submit the name of one nominee, accompanied by a completed application form and supporting information. The NAPOTY will be selected by an anonymous selection committee comprised of current Nebraska Angus Association members, one from each district of the State Association. The previous year NAPOTY winner will serve as chair of the selection committee.

Suggested standards for the nominations may be based on the following guidelines:

1. Angus Spirit – (25%) high principles of integrity, adherence to the “Golden Rule”, good ethics among other breeders and the public
2. Civic Activity – (15%) local, state, national level participation in civic service clubs, charitable activities, political work, fraternal & religious groups
3. Business Accomplishments – (20%) recognize good business conduct, service to buyers & sellers of Angus animals, advertising programs used & creative marketing
4. Local Area Activity – (15%) board offices & committee work, special assignments, educational work
5. State Association Activity – (20%) offices held & committee work, attendance & exhibiting at the State shows, director meetings & shows attended
6. National Association Activity (5%) national offices held, committee work, attendance at the Annual meeting, regional shows, etc.

A complete application should include:

1. Form available on www.nebraskaangus.org (see above note for locating the form)
2. A letter of recommendation from the nominees peers, community or fellow producer.
3. Color or black & white photo of the nominee and/or their operation

DEADLINE: AUGUST 1, 2025 – NO LATE APPLICATIONS WILL BE ACCEPTED
SUBMIT COMPLETED APPLICATIONS TO: MARGO LEHN, SEC/MGR,

We believe there are 2 major factors that have kept us in the seedstock business for over 65 years:

- *Trusted relationships with great people.*
- *Cows that produce over and over again on a minimum of input.*

2024 Producer of the Year

KREBS RANCH - located in Gordon, Nebraska was established in 1979, by Eldon & Louisa Krebs, and is now the third generation of ownership. Ty & Kaleigh Krebs and Jake & Kami Scott along with their children, Sage, Kynsleigh, Kashlyn, Payton and Harper are all intricate parts of the operation. The ranch is located northeast of Gordon and straddles the Sheridan and Cherry County border. The ranch will be holding their 45th Annual Bull sale the third Thursday in February. Additionally, cattle are marketed privately and through periodic production sales throughout the year.

Eldon has spent a lifetime in the cattle industry. Raised on a commercial cow ranch in Neligh, Nebraska, he was active in youth agricultural programs, including FFA and 4-H, raising, showing and judging livestock and in particular beef cattle. After attending the University of Nebraska, he furthered his knowledge and insight into beef production by embarking on a practical education by working for some of the leading ranches in the United States and working alongside the leading stockmen of that time. During this time frame, he bred, raised and showed the National Shorthorn Bull and Female for Bob-Lee Farm, and then went on to bred, raise and show the National Champion Angus Bull, Ken Caryl Mr Angus during his tenure at Ken Caryl Ranch in Colorado. After his time in Colorado, Eldon and his family settled in Gordon Nebraska, bringing with them the foundation Angus cows they would develop the Krebs Ranch Angus herd around.

The Krebs family has been active in the Nebraska Angus Association for many years. Eldon served two terms as a director of the State Association in the late 1980's, and he along with Ty and Jake have been delegates to the National Convention on many occasions. Ty & Kami were active members of the Nebraska

Junior Association in their junior years, and now Jake & Kami are serving as advisors to the state Junior Association.

The Krebs Ranch cowherd is the culmination of continual selection pressure focusing on the functional traits required for Angus cattle to thrive, on their own, under commercial range conditions. While strong emphasis is placed on the all-important traits of growth and carcass performance, we know that quality and phenotype also heavily impacts the bottom line of our customers. We consider quality and phenotype as important as any objectively measured statistic and demand impeccable confirmation in our cowherd and their resulting progeny. Only the superior producers, who efficiently maintain themselves, rebreed on time, and consistently wean pounds of beef, survive Eldon's strict culling regiment. The result is a consistent, uniform, and dependable cowherd that works for us and, more importantly, works for our customers.

The cowherd is managed on native Sandhill pasture. All bulls are developed and managed in the ranch's backgrounding lots, on feed that is produced on the ranch.

A semen collection facility was added to the ranch business in 2007. Situated on over 600 acres near the ranch operation, Western Sire Services can house 125 bulls, all with individual shelters and expansive exercise lots. Managed by Kami Scott, Western Sire Services is a Certified Semen Services facility. All semen is collected, processed and frozen on site, and has storage capacity of over 1.5 million straws. Semen is shipped daily across the United States as well as to foreign markets.

It truly can be said that Krebs Ranch is the result of a man and his vision and the value of the Angus cow.

AM I FULL OF CRAP?

Dr. Pereira

VETERINARY PRACTICE

Mortality has gone way down. The use of First Defense products has proven to be a major weapon in the fight against neonatal scours on our dairy herds. Calves in our care get protected as soon as they hit the ground. If it was more complicated than that, I wouldn't be standing here.
